EPA received the Arizona Department of Environmental Quality's (ADEQ) letter of April 24, 2018 in which ADEQ requests EPA evaluate expanding the Motorola 52<sup>nd</sup> Street Superfund Site to include certain portions of the West Van Buren Water Quality Assurance Revolving Fund (WQARF) Site. Alternatively, ADEQ requests EPA evaluate certain portions of the West Van Buren WQARF site for separate placement on the National Priorities List.

We are reviewing this request. In the meantime, we request that you provide to our Site Assessment team the data that supports the plume maps that were attached to your April 24th letter, including locations of any drinking water and monitoring wells, well logs, and any groundwater and transport models developed for this area.
